Growth chambers

Series KBW	Page 6
Series KBWF	Page 9
Options and Accessories	Page 12

Homogeneous light in combination with a constant temperature and humidity is necessary to achieve ideal growth in plants or other organisms. A BINDER humidity chamber offers all this. This is how KBW Series growth chambers create ideal conditions for the culture using light and temperature. The KBF series also offers a system for humidity regulation. The APT.line™ preheating chamber from BINDER, in connection with fast-reacting humidity regulation, highly effective cooling and uniform light distribution, ensures natural growth conditions.

PRODUCT SELECTION GROWTH CHAMBERS

ADVANTAGES AT A GLANCE

HOMOGENEOUS TEMPERATURE DISTRIBUTION

Series KBW, KBWF

BINDER APT.line™ preheating chamber technology ensures long-term operational stability even under full load.

FAST AND PRECISE HUMIDIFICATION

Series KBWF

The patented long-life steam humidification system and the capacitive humidity sensor ensure on target humidity values.

NATURE-EMULATING GROWTH CONDITIONS

Series KBW

Using illumination cassettes provides flexible placement options which ensures homogeneous light distribution over the entire usable area. The light qualities are individually selectable.

INTUITIVE TOUCHSCREEN CONTROLLER

Series KBW, KBWF

State-of-the-art controller technology with time-segment and real-time programming with internal data recording

Series KBW | with light

The BINDER climate chamber with illumination of the KBW series achieves homogeneous light distribution with its natural illumination. That allows this growth chamber to create constant lighting and temperature conditions.

KBW 400 model

MAIN FEATURES

- Temperature range: 0 °C to 70 °C
- Temperature range with light: 5 °C to 60 °C
- positionable illumination cassettes, each with 5 fluorescent tubes
- APT.line™ preheating chamber technology
- Adjustable fan speed
- · Stainless steel racks

- Access port with silicone plug, 30 mm, left
- Class 3.1 independent temperature safety device (DIN 12880) with visual and audible temperature alarm
- Computer interface: Ethernet
- Intuitive touchscreen controller with time-segment and real-time programming with internal data recording

LIGHT SPECTRA

DIMENSIONS incl. fittings and connections [mm]

Series KBWF | with light and humidity

The BINDER climate chamber with illumination of the KBW series achieves homogeneous light distribution with its natural illumination. That allows this climate chamber to create constant lighting and temperature conditions.

KBWF 240 model

MAIN FEATURES

- Temperature range: 0 °C to 70 °C
- Temperature range with light: 10 °C to 60 °C
- Humidity range: 10 % to 80 % RH
- positionable illumination cassettes, each with 5 fluorescent tubes
- APT.line $^{\text{TM}}$ preheating chamber technology
- Adjustable fan speed

- Humidity regulation with capacitative humidity sensor and vapor humidification
- Display via color LCD monitor
- Tightly-sealed inner door made of tempered safety glass
- Intuitive touchscreen controller with time-segment and real-time programming with internal data recording
- Tight-sealing inner door made of safety glass (ESG) with specialTIMELESS coating

EXCERPT FROM OPTIONS AND ACCESSORIES

Access port with silicone plug	For introducing external measuring instruments. Large selection of different diameters and positions (left, right, or top) Series KBW, KBWF
Data Logger Kit TH	Independent temperature and humidity data logging. The tailored product solution contains helpfu accessories: From the magnetic mounting of the data logger to the BINDER unit and securing senso cable for accurate readings. Series KBW, KBWF
Interior socket	Waterproof, switched flush-mounting box (CA3GD) for nominal voltage in unit interior, with cover and corresponding plug (nominal voltage; max. 500 W; max. 90 °C; protection class IP67) Series KBW, KBWF
Illumination	Illumination cassettes equipped with FLUORA®, Arabidopsis, or daylight fluorescent tubes. Series KBW, KBWF
Services	You can access our installation, maintenance, calibration, validation, or warranty services by taking out a Maintenance Service Agreement or by simply getting in touch when you need us. More information is available in the accessories and services chapter. Series KBW, KBWF
BINDER INDIVIDUAL	Using a BINDER series production product as a basis, we develop individual solutions as a single unit or in small batches. All products are tested, certified, and supplied with a full functional guarantee and warranty. More information is available in the accessories and services chapter. Series KBW, KBWF
